ABOUT NBMC

Northern Beaches & Mosman College has come about as a result of Northern Beaches and Mosman Community Colleges joining forces. We are now able to offer a wider range of courses to the communities of both areas.

Information with regard to who we are, our business statement, our commitment to quality, privacy, courses and industry training packages, the recognition process and mutual recognition can be found on our website at www.nbmc.nsw.edu.au or please phone us on 9970 1000 for a hard copy of these documents.

Registered Training Organisation

NBMC is a Registered Training Organisation (RTO) national code 90113. We are registered with the Australian Skills Quality Authority (ASQA) to deliver training, assess and issue qualifications that appear on our scope of registration. The College focuses its training on qualifications in Aged Care, Disability, Early Childhood Education & Care, Nursing, Allied Health, Community Services, Business Services, Information Technology, Leadership & Management and Financial Services.

Recognition of Prior Learning

Your existing skills and knowledge can be recognised into either a part or full qualification. This relates only to qualifications which the College has within its scope of registration. Please contact the College for further information.

ACCREDITED TRAINING EXPLAINED

In Australia, we have three different levels of education:

- School (primary and secondary)
- VET (vocational education & training)
- University (higher education)

In VET, if a course is accredited, it means the course is nationally recognised and that a registered training organisation (RTO) can issue a nationally recognised VET qualification or VET statement of attainment following its full or partial completion. VET qualifications can be offered at different levels starting from Certificate I through to Certificate IV and Diplomas. These are part of the Australian Qualifications Framework.

NBMC offers a range of full qualification and short courses which are identified with the above logo as they are "accredited".

The content of each accredited course is drawn from a Training Package which is a set of nationally endorsed standards and qualifications for recognising and assessing people's skills in a specific industry.

RTOs in NSW (this includes most Community Colleges, TAFEs and private RTOs) are registered with the Australian Skills Quality Authority (ASQA) to deliver training. To operate as an RTO we are required to meet stringent standards and audited regularly by ASQA to ensure compliance with those standards.
